Hi Dianna,

Can you call me or provide a number I can call you. I have some questions about this. Not sure who provided this and what is needed.

Thanks  
Mike

Hi Mike,

Please review the HE Exposure Pathway write-up below for Anaconda Aluminum Co Columbia Falls. This information is also required for site with HE Insufficient Data and HE Not Under Control.

An Administrative Order on Consent for RI/FS was recently signed. Field investigations are planned for 2016. Once data has been collected and validated, a conceptual site model will be developed which will show all the human exposure pathways. This is anticipated to be developed in 2017.

Thanks  
Dianna

**Subject:** EI Worksheet Review

Hi Mike,

Please review the attached EI Worksheets and mark-up any change applicable for your sites. If there is no changes, please mark no changes to each of the worksheet. It is important and critical that you review and send your reply to me by COB Wednesday, August 30<sup>th</sup> in response to the 30 day requirements addressed in the Superfund Task Force document.

Thanks so much for your help.

Dianna
